Medi Frigo

REFRIGERATORS & FREEZERS LINE

MADE IN **ITALY**

Medical & Laboratory Refrigerators and Freezers

The Medi Frigo line offers a premium range of medical-grade refrigerators and freezers designed for precise and reliable temperature control.

Ideal for hospitals, laboratories, and pharmaceutical storage, these units ensure optimal preservation of sensitive medical supplies, vaccines, and biological samples.

Each refrigerator and freezer features advanced cooling technology, robust construction, digital temperature monitoring, and alarm systems to maintain consistent conditions.

The unique design allows for easy integration into any medical setting, providing both functionality and durability, essential for critical medical environments.

PG 150 MED

Mini Medical Glass Door Refrigerator

Dimensions (cm):	Height	84.0
	Depth	61.5
	Width	60.4

Capacity (liter):	150
-------------------	-----

Temperature Range (celsius):	+2/+8
------------------------------	-------

Thermostat Type:	Digital
------------------	---------

Interior:	3 Adjustable Wired Shelves
-----------	----------------------------

Cooling System:	<ul style="list-style-type: none"> • Boxer Ventilator • Cooling Plate
-----------------	---

Light:	Internal Led
--------	--------------

Lock:	Standard
-------	----------

Controller Type:	<ul style="list-style-type: none"> • XR30 Dixell • High/Low Temperature Alarm • Open Door Alarm • External Probe Hole • NO/NC Alarm Connection
------------------	---

Colors:

PS 640 MED

Upright Medical Solid Door Refrigerator

Dimensions (cm):	Height 186 Depth 74 Width 77
Capacity (liter):	640
Temperature Range (celsius):	+2/+8
Thermostat Type:	Digital
Interior:	<ul style="list-style-type: none">• 5 Adjustable Wired Shelves• Back Grid Protection
Cooling System:	Ventilation
Lock:	Standard
Controller Type:	<ul style="list-style-type: none">• XR30 Dixell• High/Low Temperature Alarm• Open Door Alarm• External Probe Hole• NO/NC Alarm Connection
Colors:	<input type="checkbox"/>

IQ/OQ/PQ Prototype Validation

NS 150 MED

Mini Medical Solid Door Freezer

Dimensions (cm):	Height 84.0 Depth 61.5 Width 60.4
Capacity (liter):	130
Temperature Range (celsius):	-15/-25
Thermostat Type:	Digital
Interior:	3 Adjustable Wired Shelves
Cooling System:	Static Freezing From Internal Sides
Lock:	Standard
Controller Type:	<ul style="list-style-type: none"> • XR30 Dixell • High/Low Temperature Alarm • Open Door Alarm • External Probe Hole • NO/NC Alarm Connection
Colors:	<input type="checkbox"/>

IQ/OQ/PQ Prototype Validation

NS 380 MED

Upright Medical Solid Door Freezer

Dimensions (cm):	Height 186 Depth 60 Width 60
Capacity (liter):	360
Temperature Range (celsius):	-15/-25
Thermostat Type:	Digital
Interior:	6 Adjustable Wired Shelves
Cooling System:	Static Shelves Freezing
Lock:	Standard
Controller Type:	<ul style="list-style-type: none">• XR30 Dixell• High/Low Temperature Alarm• Open Door Alarm• External Probe Hole• NO/NC Alarm Connection
Colors:	<input type="checkbox"/>

NS 640 MED

Upright Medical Solid Door Freezer

Dimensions (cm):	Height 186 Depth 74 Width 77
Capacity (liter):	600
Temperature Range (celsius):	-15/-25
Thermostat Type:	Digital
Shelves:	6 Static
Cooling System:	Static Shelves Freezing
Lock:	Standard
Controller Type:	<ul style="list-style-type: none">• XR30 Dixell• High/Low Temperature Alarm• Open Door Alarm• External Probe Hole• NO/NC Alarm Connection
Colors:	<input type="checkbox"/>

NSC 600 MED

Upright Medical Solid Door Freezer

Dimensions (cm):	Height 195 Depth 86.4 Width 67
Capacity (liter):	600
Temperature Range (celsius):	-15/-25
Thermostat Type:	Digital
Shelves:	5 Wired Adjustable
Cooling System:	Static Freezing Internal Sides Boxer Ventilator
Lock:	Standard
Controller Type:	XR30 Dixell High/Low Temp. Alarm External Probe Hole
Colors:	<input type="checkbox"/>

IQ/OQ/PQ Prototype Validation

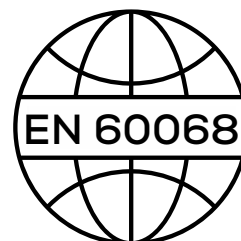

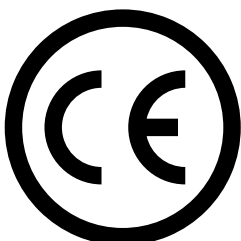

Medi Frigo refrigerators and freezers, designed for various applications, including medical and laboratory uses. Suitable for storing drugs and laboratory materials.

- Accurate temperature control
- Uniform temperature distribution
- Alarm systems for temperature deviations
- Quality and reliability, long life cycle products.

30 years of experience, distributing to various entities in the medical industry including: hospitals, pharma store chains, central and community medical government service clinics, pharmaceutical companies, nursing homes, universities, biomed companies and more.

- CE Marking: Indicates conformity with European health, safety, and environmental protection standards.
- ISO 9001: Quality management system certification.
- EN 60068: Environmental testing for equipment.
